Danderine

**Stops Falling Hair and
Destroys Dandruff**

**Makes the Hair Grow Long, Heavy
and Luxuriant and We Can
Quickly Prove It**

**If You Wish to Double the Beauty of
Your Hair at Once, Just Get a 25
Cent Bottle and Try This**

Surely try a Danderine Hair Cleanse if you wish to immediately double the beauty of your hair with little trouble and at a cost not worth mentioning—just moisten a cloth with a little Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil. In a few moments you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Danderine from any drug store or toilet counter and try it as directed.
